31 JUL 1958

MEMORANDUM FOR: Chairman, Ad Hoc Requirements Committee

SUBJECT : CHALICE Clearances

REFERENCE : CHAL-0235, dated 11 July 1958

1. In response to your request made at the ARC meeting of 26 May 1958, OSI has conducted a review of its need for CHALICE clearances. Attached is a list of those personnel retaining AQUATONE/CHALICE clearance, and a list of those who have been debriefed.

2. We feel that the five OSI areas most concerned with the Project -- ED, NED, GMD, ASD and ESO -- should continue to have a minimum of two people (three in the case of GMD) cleared for planning and assessment purposes. As set forth in the reference, additional ED and ESO personnel require CHALICE for their technical support activities and have been considered as clearances essential to the Project rather than to OSI's needs.

3. [REDACTED] are also retaining "C" clearances because of activities not directly related to OSI interests. [REDACTED] it is understood, needs his clearance for his work with the SA/PD/DCI, and [REDACTED] in his current duties as Deputy Chief, AFCIN-Z.
